

The winning choice.

Decoflex™ Universal for Multipurpose Halls

The discerning sportsman will prefer the cushioned Decoflex™ Universal Sports flooring system because it has been designed for the most demanding sports conditions. Decoflex™ Universal is a truly multi-purpose sports floor suitable for basketball, volleyball, badminton, netball, handball as well as yoga and other recreational activities.

The Decoflex™ Universal Indoor Sports Flooring System is a truly top-class International Standard flooring system that is officially certified by these International Sports Federations:-

- FIVB** - International Volleyball Federation
- FIBA** - International Basketball Federation
- BWF** - Badminton World Federation
- IHT** - International Handball Federation

Decoflex Universal seamless polyurethane surfaces go above and beyond traditional wood, vinyl and sheet rubber systems by providing:

- higher return of energy
- exceptional shock absorption
- outstanding ball rebound
- slide characteristics that are the same as wood
- more ease on athletes' joints and tendons
- reduce the risk of injuries
- uniform shock pad performance
- will not dent or dimple under heavy loads

In addition, the Decoflex Universal Indoor Sports Flooring system meets the requirements of European Norm EN 14904 exhibiting very good impact resistance properties. A high impact resistance is crucial for an indoor multipurpose sports hall, because it will allow other activities involving chairs, tables, partitions, etc. to be placed on top without the fear of damage. The floor's excellent force reduction is an important factor as well and Decoflex Universal meets and exceeds the criteria for an indoor multipurpose sports hall application.

- Non-slip
- Low maintenance, repairable and recoatable
- No joints
- Available in thicknesses from 5mm to 17mm
- 9mm, 11mm and 12mm thicknesses endorsed by almost all the world's indoor sporting bodies
- 12 standard colors & custom colors available
