

## Altro Classic™ 25 / X25

Homogeneous

Typical applications:

**Locations where substances like chalk, paint, clay or dirt are present, such as craft, design and technology (CDT) / art rooms and circulation areas.**

Classic by name, classic by nature. Altro Classic 25 was the first ever safety flooring; it's been tried and trusted for over 60 years, and its traditional, industrial look is still popular today.

Altro Classic 25 provides lasting slip resistance, durability and abrasion resistance, making it ideal for use in heavy traffic areas – particularly with wheeled traffic. It's also good for areas where occasional moisture and dust can increase the risk of slipping as it has a Pendulum Test Value (PTV) rating  $\geq 45$  and an R11 slip rating.

Available in practical, dirt-hiding shades, with the addition of new colours for even greater choice, Altro Classic 25 is easy to clean and maintain.

For specialist locations such as kitchens, canteens and food preparation areas, where grease, oils or fats may be present, we recommend Altro Stronghold 30. For bathrooms and wet rooms we recommend Altro Aquarius.
