Straight Shank Metal Drill Bits **MAX HSS-G**

The "**sprinter**" that cuts quickly and precisely at low feed pressure. With a wide range of applications, it is also suitable for long-chipping materials, such as **certain** copper and aluminium alloys.

MAX HSS-CO

The expert for **stainless steel**. The cobalt alloy ensures heat resistance and, therefore, a high resistance to wear. Ideal for precise drilling in corrosion-resistant and heat-resistant steel with a tensile strength of up to 1000 N/mm².
