

## COMPANY PROFILE

### *About Us*

**Miami Metal Industrial Establishment** was established in the year 2005 by **Al Sayed Mushba Abu Reisha** in the heart of Abu Dhabi Mussafah Industrial Area as a small establishment concern. From a modest and humble beginning the company has progress over the years expanding its works, through a perfect knowledge in implementation of the latest technology Miami Metal Industrial is now considered as one of the finest in the field of stainless steel decorative works in the entire Arabian Gulf.

We have the highest capacity to cope up the biggest works with regards to stainless steel works. Hence, we are equipped with complete advance fabrication machines which is guided by pioneer professional engineers, draughtsmen, designers, and technicians combined through different nationalities as such; Jordanians, Filipinos, Bangladeshis, Nepalese and Indians with a good vast experience ready to take on the future with ever higher performance to tackle every aspects of works.

Our main target is to help by imploring the advance technology of stainless steel decoration works towards the modernization in the millenium era of our beloved United Arab Emirates under the leadership of His Highness Sheikh Khalifa Bin Zayed Al Nahyan ( God Bless Him ), as well as to continue the visions of the great late His Highness Sheikh Zayed Bin Sultan Al Nahyan, the main architect of developing modern United Arab Emirates.

## COMPETENCY

Through combined technical knowledge and the availability of advance fabrication machines, **MIAMI Metal Industrial Establishment**, esteemed by pioneer experience Engineers, Draughtsman, Office Staff and technically skilled personnel in the organization is highly capable to cope-up and execute every aspects of stainless steel structural, design and decorational works.

In compliance of the **Standard Fabrication Ethics**, the establishment (**M.M.I.E.**) has strictly observe and implement the appropriate standard quality measures through rigid construction calculation load on ton capacity (e.g) canopy, space frame and on all other stainless steel accessories prior for fabrication assembly and installation.

## FABRICATION MACHINES

In todays world of competitive business in the field of stainless steel decorational works, *Miami Metal Industrial Establishment* has provided most of the advance fabrication machines in order to meet the highest standard of our client demands

*Plasma Jet Machine*

*Water Jet Machine*

*Sheet Cutting Machine*

*Sheet Bending Machine*

*Sheet Rolling Machine*

*Turning Machine for Pipe & Tube*

*Lathe Machine*

*Tig Welding Machine*

*Mig Welding Machine*

*Arc Welding Machine*

*Special Shearing Machine for Pipe & Tube*

*Special Polishing Machine for Pipe, Tube & Sheet*

*Glass Sandblast Machine*

*Press Hydraulic Machine*
